

Knowsley Lane Primary School

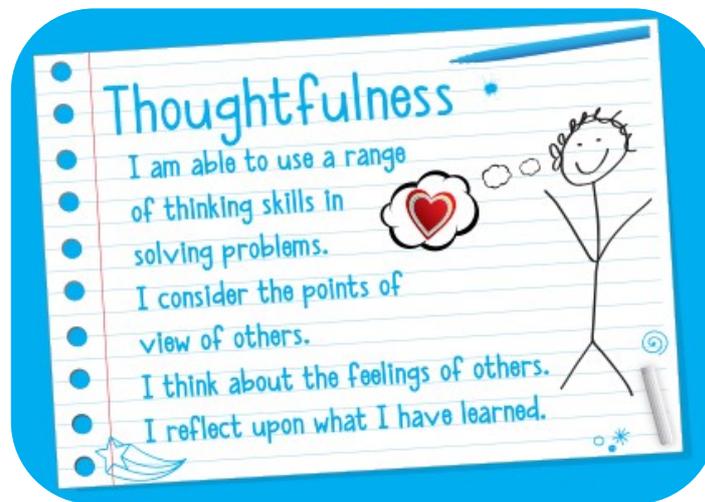

...Giving Children Roots and Wings...

Monday 20th April 2020

Volume 5

THIS WEEK'S LEARNING GOAL - THOUGHTFULNESS

With the current climate being what it is, there has been plenty of opportunity to show thoughtfulness towards ourselves and others. From displaying your rainbow pictures and clapping for the NHS, to thinking of how best to approach our home learning, and balancing our work / life balance.

Please share your examples with us on Class Dojo or Twitter, we would love to see them!

Like this one from Jamie in Miss Johnston's class:

“Jamie in Year 1-2 went out for his daily cycle with his dad and brought some flowers home for his mum - how thoughtful!”

Be sure to stay up to date & stay in touch

If you aren't already doing so, please be sure to regularly check the different modes of communication we have open. We have loved seeing photos of how you are spending your days.

Proud Principal Moment...

During these very difficult times, I am so proud of Knowsley Lane's staff and how they are adapting to a very different style of working!

A very special thank you to Mr. Owens, who has been in school every single day since we closed our doors to most of our children.

~ Mrs. Lord

Sir John Jones - Our New Patron

We at Knowsley Lane are so excited that, Sir John Jones is the new Patron of our fantastic Trust! Most of our staff were lucky enough to have met John at one of our annual MAT conferences 2 years back, after he gave an incredibly motivational presentation, which we all still regularly refer back to, to this day.

We are proud to have such an aspirational influence as part of our Academy Trust and look forward to having him join us on our journey.

“It’s a great privilege to serve as Patron of Vantage Multi Academy Trust. Having worked with its schools, I have experienced at close hand a passionate commitment to enhancing the life chances of every child.”

~ Sir John Jones

A Message from Piper

Piper like you is missing her friends, dreaming of days when lock down will end. Keeping safe at home and tidying her toys, she can't wait to see the Knowsley Lane girls and boys.

She is working hard learning a new skill, she can't wait to show you she thinks it's brill. Wanting to be in the quad where she loves to roam but like you, for now, she is staying safe and at home.

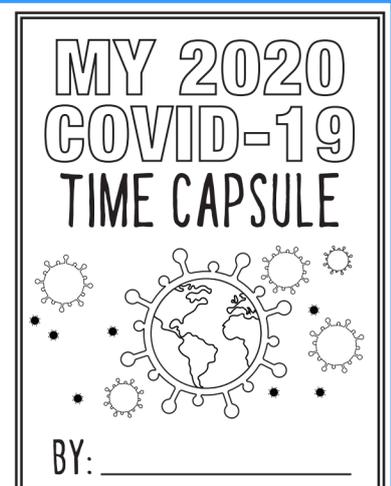

You are living through history RIGHT NOW!

We are currently living through one of the biggest moments in our lifetime and it's a new experience for EVERYONE IN THE WORLD!

People will be talking about this time for generations to come, but don't be fooled, this **IS** a fleeting moment and our lives will soon return to what we have always known, when we can easily forget little details as time moves on. With this in mind we would encourage all our children to make a time capsule to remember what life, for them, has been like during the Covid-19 quarantine.

We have included some ideas on our school website on each class page, and there are many more ideas all over the internet.

Make your capsule personal to you and your family, this means there is no right or wrong way to do it! Have fun and make memories! Don't forget to send pictures and updates to us at school!
