

Monday 26th September.

Dear parents/ carers,

On **Tuesday 4th October** at **9.00am**, we would like to invite you to a Multiplication Check meeting. In June, the government expect all Year 4 pupils to participate in a statutory multiplication check.

This will take place in the school hall for all Year 4 pupils and will be for approximately **30 minutes**.

It will allow you the opportunity to discuss the new requirements, how you can help your child with times table facts and what resources are available to support pupils with their learning. It will also include the opportunity to try a practice check with your child.

We look forward to welcoming you to this event.

Yours sincerely,

Miss Johnston and Mr Whitehall.
