

Hello!

Thank you very much for doing this for us, it's really appreciated.

Below I have written three questions – it'd be great if you could ask each child the questions on camera and send them over to us (a phone video is absolutely fine and don't worry about filming quality – as long as we can see and hear the child that is perfect).

- Tell me your first name and how old you are
- What's your favourite animal and why?
- Do you have any pets at home? If you do, tell me about them! If you don't and would like a pet, what pet would you want and why?

To send the videos, please click on this link

(<https://entonegroup.app.box.com/f/6c892fc8af2043cfb4d72cc06aff7cee>) and you should be able to upload them directly to our secure server. If you have any problems, please don't hesitate to get in touch!

Please can you label each video with a number (e.g 1) the child's **first** name and age, that'd be great - so we know who everybody is. If you could also create a password protected document with the corresponding number to the video (e.g 1) and child's **full** name on that would be really helpful. Due to our child protection policy, we want to limit children's full names being anywhere other than a password protected document.

Thank you once again for your help.

Best wishes,

The Production Team
